Good day Fellows, Members and Associate members of the Chartered Institute of Personnel Management (CIPM).

I am Isiyaku Shok Jok, a full member of CIPM and I am soliciting for support as I aspire to be an elected member of Council.

I joined the institute in 2011 and I have been an active member since then. Between 2019 and 2020, I was a member of the Learning and Development committee and we helped the institute to navigate the uncharted territory created by the COVID-19 pandemic, especially as it relates to the training programmes.

Presently, I am a General Manager with the Nigeria Civil Aviation Authority (NCAA)-the apex regulatory agency for aviation in Nigeria. I joined NCAA in March 2001 and in the last 23 years, I rose through the ranks to my present position. Along the way, I took up various roles from administration to Human Resource Management and Service Quality Management.

I solicit for your votes because I have looked at the 2022-2024 corporate strategy of our beloved institute and I believe I can contribute to the realization of the strategic imperatives. Particularly, I am sure I can contribute to the Public Sector membership drive considering the fact that I have been in the public sector for over two decades. This will support the membership perspective of the 2022-2024 strategy.

I am also confident that, having been a member of the Learning and Development committee, I will have some ideas that could help in driving the organizational capability strategic imperative.

Together, we can continue to make our institute, the institute of choice for people management.

Thanks, in anticipation of your support.

Isiyaku Shok Jok
